

Xavier parking areas around the Health United Building

There has been a fair amount of confusion about which parking near the Health United Building (HUB) is available to valid Xavier University permit holders and which areas are reserved for use by the residents and business tenants of University Station.

The map below is meant to provide clarification so Faculty, Staff and Students can avoid the inconvenience of citations and/or towing in this area.

Note the markings are not exact, but are a generalization of the areas.

Xavier student permit holders should park in C-2 or R-3 just east of the Cintas Center as none of the lots on the map above pertain to students.

For Xavier Faculty, Staff or Contractors, the areas highlighted in Green are managed and monitored by Xavier University and are acceptable areas in which to park. These include:

- Herald/Pacific lot(Near Flynn Hall) – Entire Lot, 20 spaces
- McGrath Lot - Entire Lot, 29 spaces
- Health United Lot (south of HUB building). – Portion of Lot – 63 spaces, only those marked with large white block “X” on the pavement.

The areas marked out in Red are managed and monitored by University Station and are NOT available to Xavier Faculty, Staff or Contractors. If vehicles are parked in these areas they are subject to being towed at owners expense.

Note: The McGrath Lot and Herald/Pacific lots are NOT available during home Men’s basketball games

If you should have any questions please contact parkingservices@xavier.edu
