Ohio Teacher Evaluation System (OTES) Results for Ohio Teachers
Prepared by an Ohio Educator Preparation Provider at Xavier University

Reporting period from September 1, 2022 to August 31, 2023.
(Data Source: Ohio Department of Education)

Description of Data:

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's school districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results are actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

Limitations of the Ohio Teacher Evaluation System (OTES) Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2019, 2020, 2021 and 2022.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education.
3. Due to ORC 3333.041(B), annual results must be masked for institutions with fewer than 10 completers with OTES data.

Description of Data:

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2019, 2020, 2021 and 2022.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results are actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

Field and Clinical Experiences for Candidates at Xavier University

Reporting period from September 1, 2022 to August 31, 2023.

(Data Source: Xavier University)

Description of Data:

Ohio requires that educator candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported by Ohio Educator Preparation Providers.

Teacher Preparation Programs

Field/Clinical Experience Element	Requirements
Require edTPA National Scoring from candidates in teacher preparation programs at the institution	Y
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	100
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	150
Average number of weeks required to teach full-time within the student teaching experience at the institution	15
Percentage of teacher candidates who satisfactorily completed student teaching	100%

Principal Preparation Programs

Field/Clinical Experience Element	Requirements
Total number of field/clinical weeks required of principal candidates in internship	15
Number of candidates who started internship	16
Number of candidates who completed internship	16
Percentage of principal candidates who satisfactorily completed internship	100%

**Value-Added Data for Students Taught by Teachers Prepared
 by Ohio Educator Preparation Providers at Xavier University**

Reporting period from September 1, 2022 to August 31, 2023.

Description of Data:

Ohio's value-added data system provides information on student academic gains. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). Schools can demonstrate through value-added data that many of their students are achieving significant progress. Student growth measures also provide students and parents with evidence of the impact of their efforts. Educators and schools further use value-added data to inform instructional practices.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2019, 2020, 2021 and 2022.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on Elementary and Middle School Tests (Grades 4-8) and End-of-Course Tests for high school credit.
3. For Educator Preparation Providers with fewer than 10 linked teachers or principals with value-added data, only the number (N) is reported.

2023 Ohio Educator Preparation Provider Performance Report Xavier University

Pre-Service Teacher Survey Results

Reporting period from September 1, 2022 to August 31, 2023.

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio candidates receive an invitation to complete the survey during their professional internship (student teaching). The results of this survey are reflected here. A total of 2,228 respondents completed the survey statewide for a response rate of 37.2 percent.

Statewide Survey of Ohio Resident Educators'
Reflections on their Educator Preparation Program

Reporting period from September 1, 2022 to August 31, 2023.

Description of Data:

To gather information on alumni satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio Resident Educators who completed their preparation in Ohio receive an invitation to complete the survey in the fall semester as they enter Year 2 of the Resident Educator program. A total of 615 respondents completed the survey statewide for a response rate of 14.2 percent.

Excellence and Innovation Initiatives

Reporting period from September 1, 2022 to August 31, 2023.
(Data Source: Xavier University)

Description of Data:

This section reflects self-reported information from Ohio Educator Preparation Providers on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

Teacher Preparation Programs

Initiative:	Increasing Diversity in Educators Workforce
Purpose:	Develop models of teacher education to increase the diversity the educators workforce.
Goal:	To recruit, retain, support, and sustain, a 10% increase of Black, Indigenous, and People of Color (BIPOC) teacher candidates, while increasing BIPOC educators by 10% in Princeton City School District.
Number of Participants:	20
Strategy:	1. Collaborative efforts with Princeton City Schools "Grow Your Own" (GYO) program, recruitment of paraprofessionals and other district community members to obtain initial teaching licenses in all areas, with a focus on high need areas. 2. Mentors for each student seeking initial licensure were assigned. 3. Recruitment and informational meetings were held at Princeton, which included representatives from the Office of the Graduate School, licensure coordinator, academic advisors for each area, mentors, and school district personnel. 4. A Deans Compact Grant, funded by the Ohio Department of Education, is being used to support student tuition and books for initial licensure seeking students. Each student may receive up to \$5,000 each semester. the grant is for two academic years. 5. A 35% decrease in tuition for school partnership students was offered to graduate students. 6. Students are closely monitored to address potential issues impeding success. 7. Faculty and staff are completing ongoing diversity training closely related to BIPOC students and educators.
Demonstration of Impact:	20 BIPOC students received tuition and textbook funding to complete initial licensure as candidates for primary education, intervention specialists, middle childhood education, adolescence to young adults, and multi-age, licenses.
Initiative:	Addressing Educator Shortages in Ohio
Purpose:	Collaborate with school district partners, Princeton City Schools and West Clermont City School Districts, to meet the demand for licensed teachers in high need areas.
Goal:	To support 25 teacher candidates in obtaining their initial license or second license/endorsement students in high need areas.
Number of Participants:	25
Strategy:	Grant from the Educator Shortages funded by the Ohio Department of Education, supports six credit hours per semester for 25 students to pursue their license or endorsement in high need areas. 1. "Grow Your Own" (GYO) programs are supported in partnership districts (Princeton City Schools and West Clermont Local School) recruiting paraprofessionals, substitute teachers, and other district community members to obtain initial teaching licenses or licensed teachers in obtaining second license/endorsement in high need areas. 2. Offered 35% discount for tuition, allowing grant funding to go 35% further. 3. Marketed and recruited through partnering school districts, and Xavier offices such as the Center for Diversity and Inclusion, and other sources. 4. Academic advising and monitoring each semester. 5. Priority of grant funding for minority applicants.
Demonstration of Impact:	Over 100 potential candidates applied for the grant. Twenty-five students received the grant which is began in 2021-2022 academic year.
