Introducing ARORx!

Your employer has partnered with ARORx for your prescription drug coverage.

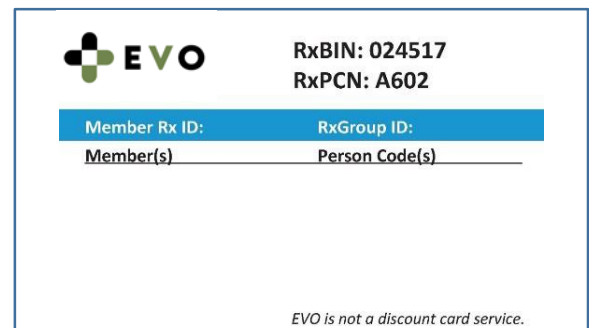

With ARORx, you have access to **all national pharmacy chains** and **most smaller local pharmacies**.

You will continue to get your prescriptions under the **same copay structure** you currently do and use the **same retail pharmacies** you always have.

So what's different?

New Card. Look out for your new card in the mail with your ARORx/Evo information on the back.

Give to your pharmacist on your next fill, after the effective date. You usually only need to give your new information 1 time at the pharmacy to keep on file for future fills.

New Mail Order Pharmacy and Website. Set up your new mail order account:

1. Kroger
 - A. <https://www.PPSRX.com>
 - B. Phone (800) 552 -6694

High Cost Drug Program. Did you know the cost of drugs has increased up to 5,000% in the past 5 years and 2% of claimants account for 40-50% of overall spending?

ARORx's high cost drug service reduces cost on drug spend for you and your employer, often getting your high cost medication for free & delivered right to your door.

To find out if you're taking a high cost drug, take a look at page 5 & 6's list of Rx. If you see your Rx on the list, contact ARORx at 833-306-4092 by **November 5th to set up your new fill process.**

Be sure to engage with ARORx promptly to ensure timely processing and no disruption to your fill. See page 4 for high cost drug program details.

If you're not taking a high cost drug, continue to use the same retail pharmacy at the same copays as before.

Tips for a successful start:

Every change has its challenges.
Follow these best practices for a smooth transition.

1. Refill your prescription right before the effective date so you have a full supply on hand. Most plans allow you to refill your prescriptions before you completely run out.
2. Once your new plan starts, don't fill your first prescription going into a weekend, a holiday, or right before your vacation. Please fill with at least 3 business days to spare so our team can solve any scenarios that may pop up.
3. Call your pharmacy before you pick up your first fill on the new plan to give them your new plan information and confirm your cost before you're standing in line. 99% of pharmacy calls ARORx receives during implementation are due to pharmacies running old plan information.
4. Call ARORx for assistance. If you have any questions or need assistance, contact ARORx 24/7 at **833-306-4092**.

After the effective date on page 1, if you receive a new prescription from your doctor:

1. Call the pharmacy before picking up the new drug to confirm your cost.
2. When the pharmacy runs your prescription in their system, they will be notified if it's a drug you'll need to fill through ARORx.
3. If you need to fill through ARORx, contact ARORx to start the process immediately or ARORx will contact you the following business day.

High Cost Drug List

The most common high cost drugs are listed below. This list is not an exhaustive list of all high cost drugs, and ARORx may contact you on drugs not listed.

A	CERDELGA	FASENRA PEN	INGREZZA

Getting Started with Evo

ARORx partners with Evo to bring you a transparent prescription benefit with portal access to shop for your non-high cost/specialty drugs. Transparency of costs and options for pharmaceuticals allows participants to be smart consumers of their healthcare needs.

Each member and their spouse and dependent(s) will have a separate account and login. Because of HIPAA regulations each member will only see their own member details (active prescriptions, prescription history, and spend summary.)

Start at <https://evofirst.com>. Click on Register. The first step of account creation is member validation by entering some basic information about who you are. We use email address as your account name since everyone has one, it is unique and easy to remember.

Registration

First Name	<input type="text" value="First Name"/>
Last Name	<input type="text" value="Last Name"/>
Date of Birth	<input type="text" value="Month"/> <input type="text" value="Day"/> <input type="text" value="Year (YYYY)"/>
Subscriber ID	<input type="text" value="Cardholder ID"/>
Zip Code	<input type="text" value="Zip Code"/>
Username	<input type="text" value="Username"/>
Password	<input type="password"/>
Confirm Password	<input type="password"/>
Email	<input type="text" value="Email"/>

Click on Submit and you will be sent a confirmation code to your email address. This code will be valid for 15 minutes. Once confirmed, you will have full access to your member portal and the tools to help you use your benefit.

Your Evo Member Portal

Your home page, with easy navigation.

When you go to the member portal you can access information about your plan, see your claims history and lookup the best prices for your prescriptions, and where to go to get them.

Easily Locate Pharmacies.

Your Evo Member Portal

<https://evofirst.com> Make **SURE** to set a bookmark.

When you go get a prescription

You can access the Evo membership portal from any web browser and on any device. The application by default sets the screen orientation and menus to be compatible with any device's screen size. Click "Login" to sign into the application.

Getting the most from your benefit means changing it up a bit.

First: When your doctor's office asks which pharmacy you use, tell them the least expensive, and you will let them know after you search.

Second: When the doctor prescribes something for you, use the Drug Price Lookup for prices and pharmacies near you, and let the doctor know which pharmacy you prefer.

Easy steps to access your prescription benefit.

1. Login to your member portal account and select Drug Price Lookup
2. Enter the details for your prescription
3. Search for the best priced pharmacy
4. Have your doctor send the prescription there
