

X-Guide

Forming a
roommate pair

XAVIER

The My College Roomie platform is the official channel to use in making your roommate pair. It works like a Facebook for roommates where you will make a profile, submit a questionnaire, receive suggested matches, add other students as friends and ultimately send an accepted friend a roommate request.

My College Roomie

Starting on May 1st, all students who have completed their **housing application**, including parent/guardian verification if under 18, will receive a welcome email from My College Roomie to your Xavier email. These messages will continue to be sent daily to students as they complete their application.

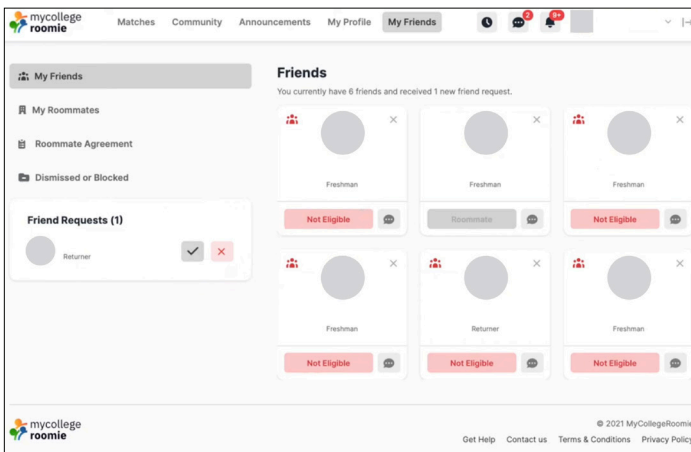

Note: Roommate pairing group size is limited to two people.

Log in to **My College Roomie** using your Xavier email and password.

Follow the prompts to completely fill out your profile.

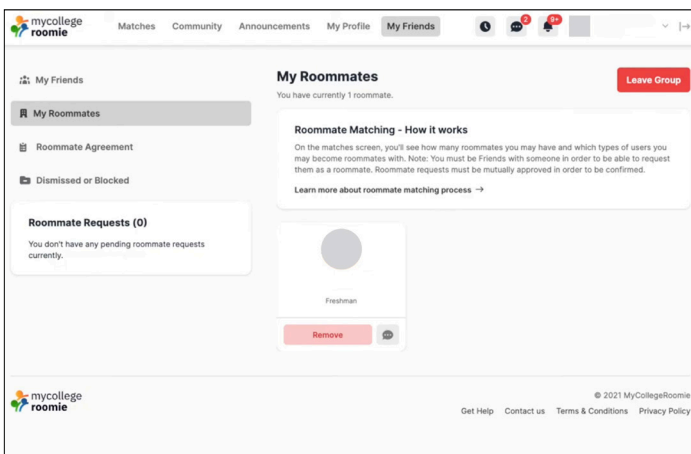

Complete the roommate questionnaire using the two scales on each question.

The first answer indicates your personal answer to the question. The second indicates your comfort zone for answers of potential roommates, or if you have no preference.

Once you have created your profile and filled out the questionnaire, you will now be able to review suggested matches, message other students and send other students friend requests.

Honors students are only able to view other honors students - If you would like your honors tag removed in order to see other students, email Tim Griffin at griffint5@xavier.edu.

After your friend request has been accepted, you will be able to then send roommate requests.

Once your request has been approved by a potential roommate, you are matched!

If you change your mind, you will be able to remove them as your roommate and choose another on My College Roomie.

Office of Residence Life
 513-745-3203
 reslife@xavier.edu
 3800 Victory Parkway
 Cincinnati, Ohio 45207-5131

Students who do not make a roommate pair by the deadline of **Wednesday, June 5th at 10 AM EST** will be randomly assigned a roommate.. If you have any questions, feel free to reach out the Office of Residence Life.
