*~ In Remembrance ~*

Antonio Johnson was born on October 30, 1953 to Clarence and Roberta Johnson. He grew up in the Walnut Hills area and attended Roger Bacon High School.

Antonio began his academic career at Xavier University in June of 1971. While majoring in Urban Studies, he participated in the school band and was an active member of St. Andrews Roman Catholic Church. Antonio worked hard and dedicated his time to the Black Student Association as President, earning him the respect of the Xavier campus and the adjoining communities. He stressed the importance of minority independence, strength, and development.

Antonio single-handedly organized and implemented activities for Black Awareness Month in February 1976. Unfortunately, he was unable to see the results of his hard work, for he died at the age of 22 on February 8, 1976. Antonio will be remembered as a caring, compassionate, confident, and articulate individual who was dedicated to the principles of social change and justice.

Each year, the Black Student Association keeps his memory alive through the Antonio Johnson Scholarship Banquet. A scholarship is presented to an African American junior for his or her academic excellence, leadership, contribution to the Black Student Association, and community service. His sister Wanda Jones said, "school was his life, it is a great honor to have a scholarship in his name."

~ Mistress of Ceremonies ~  
Ms. Janelle Hines

Janelle Hines received a Bachelor of Science of Psychology from Xavier University in May 2002. As a student at Xavier, Janelle excelled academically, she was a Weninger Scholar and received the Antonio Johnson Scholarship Award in 2001. Janelle was not only a leader in the classroom, but she also received numerous awards for her involvement and leadership in the Xavier community. Janelle held executive positions in the Black Student Association and the Student Government Association; further she served as a mentor and tutor for Cincinnati youth as an undergraduate at Xavier. Janelle dedicated a summer to service at the Dominican Community Services, as a participant in the Summer of Service Internship Program. As an intern she helped young teenage mothers care for their children and conducted teen support groups while interning at the downtown site.

After graduating from Xavier, Janelle continued to excel, driven by her passion for outreach supportive programming and community service, she accepted a research position with the Cincinnati Children's Medical Center. As a member of a research team Janelle focuses her career on researching health disparities and community issues with minorities. Janelle has given much of her time to researching Sickle Cell Anemia and Rapid Repeat Teenage pregnancy in the African American community.

In her research about Sickle Cell Anemia, a widely under researched disease that plagues a large percentage of African Americans, she studies the impact of Sickle Cell on the health of children and the effects on the family dynamic. Janelle research on Rapid Repeat Teenage pregnancies, which is linked to a variety of social issues and childhood sexual trauma, tracks the progress of young mothers and their families having an ultimate goal of breaking the cycle of under education, poverty and other ailments within this group. In addition to her contributions as a researcher she also is responsible for conducting psychological testing to improve school readiness for the Cincinnati Public Schools. She also conducts consultation groups in Cincinnati and other surrounding cities to learn more about the impact of child health issues in families.

After completing her work at Children's Hospital, Janelle plans to pursue her doctorate in clinical child psychology. Her future goal is to direct a community based mental/social health facility for at-risk youth and under privileged families.

Lauren Gaffney

Lauren Michelle Gaffney is a junior, Montessori Education major who enjoys crafts, reading, writing and sharing the love of God with others. At Xavier, Lauren is involved in various organizations including the Black Student Association, Xavier Gospel Choir, "Victory in Prayer" and "God Answers Prayers" Bible study groups. This summer, Lauren was inspired by God to create a newsletter geared toward providing Xavier students with spiritual inspiration, guidance, and encouragement. With more than ten issues completed, "The Testimonials" have not only been a blessing to Xavier students, but to students of all ages around the United States and even as far away as Cuba! Her academic achievements include: making the Dean's List, achieving straight A's and being nominated to the Mortar Board Honor Society.

Outside of the Xavier Community, Lauren has been involved in various community service work around Cincinnati, the greatest of which she says is that which she does through her work study job. At Burton Elementary School, Lauren takes seriously the task of providing underprivileged and underachieving children with stability, attention, love and affection. With hopes of further using her love for education and children to be a light in the otherwise dark life of some child, Lauren plans to one day teach in New York inner-city schools.

Natasha currently serves as the Senate Coordinator of the Student Senate, is the student representative on the University's Budget Committee and the Diversity Advisory Committee, and she is the Cultural Committee Chair of the Black Student Association, which was recognized as Committee of the Year in

She is also a member of Delta Sigma Theta Sorority, Inc. and was recently elected the Student Body President for the 2003-04 school year; only the third African-American in the university's history to achieve such rank. Natasha hopes to incorporate *Jumba La Nia* into a national non-profit organization and become Mayor of the City of Cleveland.

~ History of the Black Student Association ~

During the 1960's, Xavier University, along with many other American universities, experienced racial strife. African American students attending Xavier in the '60's wanted similar privileges and opportunities as their white counterparts. In 1969, the university recognized the need and created the Urban Affairs Office, which was designed to assist African American students in their pursuit of higher education.

In conjunction with the Urban Affairs Office, the Black Student Association, formerly called the Afro-American Student Association, was formed to help meet the needs of African American students. Ken Blackwell, Tony Davis, Wes Turner, Barbara Milon, Alicia Coggins, and Amelia Tucker were the pioneers of this organization.

The organization continues to commit itself to meeting the unique needs of African American students at Xavier and serves as an integral lifeline that supports academic excellence, involved leadership, and service to the community.

~ Black Student Association ~

Greetings on behalf on the 2002-2003 Xavier University's Black Student Association to the 27<sup>th</sup> Annual Antonio Johnson Scholarship Gala. We are excited that you took the time to share with us the achievements of African American students at Xavier University.

Our mission is to promote the academic excellence of Black students. Antonio Johnson was a young man of great determination. As a result of his outstanding character and vision, we now have an annual banquet that recognizes and seeks to encourage current African American students in three ways: the pursuit of academic excellence and personal as well as professional achievements.

As the current President of the Black Student Association, I would like to thank everyone who played an instrumental part and contributed to make this year a milestone achievement for the organization.

~ Antonio Johnson Scholarship Committee ~

On behalf of the 2002-2003 Planning Committee, I would like to express my utmost gratitude for your support of the 27<sup>th</sup> Annual Antonio Johnson Scholarship Gala. My participation in such a prestigious event has been a great honor. Here at Xavier, I am involved in many activities, however planning this event is one of my most enjoyable experiences. This year's event would have been impossible had it not been for the countless efforts and assistance extended by our co-sponsors, departments, organizations, faculty/staff, students, family and friends. There are so many people to thank in putting an event like this together: the AJ Banquet Committee, the Office of Multicultural Affairs staff, and my peers whom I have worked extensively toward the development of this year's program. I will hold my experience as the chairperson of this committee as one of the most rewarding and memorable during my sophomore year at Xavier University. Thank you for celebrating this evening with us!
